Education

Web Application Development, COMP229

Personal portfolio built with Express, EJS partials, and Bootstrap.

Web Interface Design, COMP213

Multi-page site with a home page, an about page, a resource list, and a contact form.

Projects

Butterfly

Wrote the story and puzzle flow for a short Unity 2D concept. The player, Lii, wakes in a sealed palace and follows a guardian butterfly. The script has a true ending and a good ending.

Drylands and Protected Areas

Summarized a review of how protected areas support water, soil, and livelihoods in drylands, then laid that summary out as a web page.

Skills

HTML, CSS, JavaScript, Node.js, Express, EJS, and Bootstrap.

Interests

Games, computer networks, and investing.
